ONTARIO NURSES' ASSOCIATION

Registered Nurse and Health-Care Professional Position Cuts Across Ontario since January 2025

As of October 23, 2026

Cuts to registered nurses and health-care professionals are affecting workplaces and communities across Ontario. The Ontario Nurses' Association (ONA) has tracked layoffs and positions eliminations since January 2025, including reductions affecting hospitals, long-term care homes, home and community care services, and public health units.

The following list highlights the workplaces and locations impacted by cuts across Ontario. This may include layoffs, the elimination of vacant positions, and positions eliminated through changes to services or programs.
